HOME PROJECTS

Products grouped by use.

01 Value

Value Lite is a value turf for projects such as home flipping. Olive Lite is recommended for moderate-traffic landscapes.

Value Lite 11 **Olive Lite 10**

02 Lawns and play spaces

Recommended for low-traffic areas, play areas and large landscapes. Check a real sample before choosing.

Daytona 90 13 **Luxe 80 ② 17** **Bermuda Pro 100 21**

03 Moderate traffic

Recommended for moderate-traffic areas, play areas and landscapes. Compare pile height and the actual blade appearance.

Natural Lush 90 19 **Winter Breeze 108 24** **Platinum Mini 29**

04 Pets, pools and drainage

Recommended for pet areas, pool surrounds and drainage areas. Plan the base and drainage with your installer.

K-9 36 **Rapid Flow 101 37** **Hydro Paw 38**

BUSINESS PROJECTS

Products grouped by use.

01 Commercial landscapes

Recommended for moderate-to-high-traffic areas, commercial applications and large landscapes.

Daytona 80 12 **Olive 73 16** **Bermuda Pro 80 18**

02 High traffic and pet areas

All Play 68 and K-9 are recommended for high-traffic and pet areas. Compare the construction for your site.

All Play 68 14 **K-9 36**

03 Sports, gyms and putting

True Sport is Turf Brokers' sport turf, for sports fields and gyms. Pro Putt is the putting green turf, also recommended for gyms.

True Sport 39 **Pro Putt 40**

04 Plan the order

Share area, site drawings, access, delivery location and target date. Ask the yard about stock, roll cuts and bulk quantities.

Total Weight	74 oz/yd²
Yarn Construction	Hollow Diamond shape Monofil PE + Curled PP
DTEX	11000/6F + 3500/8F

Gauge	3/8 in
Stitch Rate	120 stitches/m
Density	12,600 stitches/m²
Backing	PP + PP(Black) + Blue PU
Roll Size	15 ft x 100 ft
Listed warranty*	16 Years

RECOMMENDED FOR

- Moderate to high traffic areas
- Commercial applications
- Golf fringes
- Large landscapes

APPLICATIONS

Moderate to high traffic areas, commercial applications, golf fringes and large landscapes.

*Term as listed on Turf Brokers' product sheet. Full terms are on the warranty page.

TRIPLE GREEN 90 HOLLOW BLADE

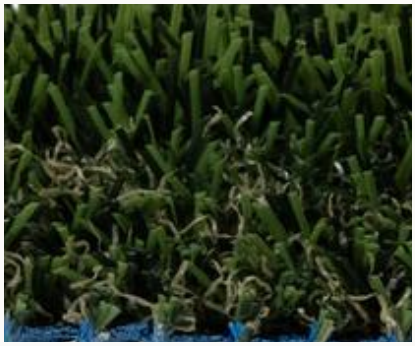

Turf Brokers reports that hollow fibers retain moisture longer, helping this blue-backed turf stay 20 degrees cooler than non-hollow-blade turf. Hollow blade products can be identified by their blue backing.

HOW TO READ THE SPECS

What each specification means.

01

Pile height and appearance

Pile height describes blade length. Look at the sample from above and the side, in your own light. Compare texture and color with the setting.

02

Face weight, total weight and density

Face weight describes the yarn; total weight includes the backing. Density is listed in stitches per square meter. Higher numbers alone do not establish suitability or service life.

03

Backing and the installed system

Compare backing construction and the recommended uses. Drainage also depends on site preparation, base and installation; a product name is not a drainage test.

04

Roll size and warranty

Most products come in 15 ft x 100 ft rolls and select products in 12 ft x 125 ft, 1,500 sq ft either way. Plan seams, cuts and waste with your installer. Warranty tiers are on page 46.

YARN GRADE

Turf Brokers' warranty sorts turf by yarn grade: C8 and above, or below C8. The grade decides how the 16 year limited warranty is split. Ask the yard for the grade before you order.

C8 YARN AND ABOVE

8 years full coverage

then 8 years at 10% of the turf material cost

BELOW C8 YARN GRADE / VALUE SERIES

2 years full coverage

then 14 years at 10% of the turf material cost

Warranty terms as printed on Turf Brokers' 2026 spec sheet

The spec sheet gives one term per product. Turf Brokers has not yet published the yarn grade of each product, so this page lists the sheet terms only.

SHEET TERM: 16 YEARS — 28 PRODUCTS

SHEET TERM: 3 YEARS — 1 PRODUCT

Bermuda Pro 71	26

16 YEAR LIMITED WARRANTY

Turf Brokers warrants its turf material for up to 16 years. How the 16 years divide depends on the yarn grade.

PRODUCT CLASSIFICATION	FULL COVERAGE	EXTENDED COVERAGE
C8 yarn and above	**8 years**	Then 8 more years at 10% of the turf material cost
Below C8 yarn grade / Value series	**2 years**	Then 14 more years at 10% of the turf material cost

Material only

The warranty covers the turf material. Turf Brokers does not warrant workmanship or installation services. Labor, removal, installation, reinstallation, shipping and freight are excluded.

Not covered

Matting, crushing or flattening of fibers, including in high-traffic areas and from furniture or pet activity; damage from an improper sub-base, improper cleaning chemicals, burns, cuts or misuse; normal wear and tear.

Keep your receipt

Claims are made in writing by the original purchaser with a copy of the original sales receipt showing the date of purchase, the product and the quantities. Report a defect within 7 days of discovering it.

Product pages

Each product page prints the warranty term from Turf Brokers' 2026 spec sheet (16 Years for most products; 2 Years for Olive Lite and Value Lite; 3 Years for Bermuda Pro 71). Ask the yard which tier applies to your product.

Full terms and claim steps: Turf Brokers Product Warranty, turfbrokersusa.com/warranty

SITE PREP AND CARE

What to settle with the yard and your installer before the turf arrives.

01

Prepare the site

Identify the existing surface, drainage route, levels and edges. Ask your installer to specify the base, fastening, seams and infill for the selected product and use.

02

Pets and regular cleaning

Remove solid waste promptly and clear leaves and debris. For light soiling, Turf Brokers’ care guide recommends a 5% solution of low-suds household detergent in hot water, then a thorough rinse.

03

Ongoing upkeep

Cross-brush matted areas against the grain with a synthetic bristle brush. Do not use chlorine bleach, caustic cleaners or highly acidic cleaners.

04

Commercial handover

Agree who handles inspection and upkeep. Keep the product specification, order details, sales receipt and warranty together for the facilities team.

SAMPLES AND QUOTES

How to request samples and a quote.

Request samples / a quote

List your shortlisted product names, project use, approximate area and location. Ask about sample availability and next steps.

turfbrokersusa.com/quote

Speak with the yard

Confirm stock, roll sizes and cuts, pickup or delivery, lead time and bulk quantities before scheduling work.

turfbrokersusa.com/contact

What to bring

Measurements or a drawing; photos of the existing surface; intended use and traffic; preferred product names; and your target date.
